Objectives completed to date:

Had some meetings and all the members collectively brought forward very valuable points to ATIA & Committee working smoothly. Made plans how we could proceed to achieve our goals to hold the events and make ATIA more popular among people so more people may come to know about us. AS we were advised by our Management that we should be focused towards holding PD events. We tried to work on that. Unfortunately for the last 3-4 months, we did not have any meetings. I tried to send the emails to the members of the Committee but unfortunately everyone seemed busy and Meeting could not be held.

I tried to connect with the speakers who could present on some valuable topics that would help our members. They were ready to do this. I put forward my try to ATIA Management. I was advised that this year speakers won't be presenting at the AGM but we could engage them later.

I communicated to the speakers that I would further talk to them after discussing this in the monthly meeting. It was planned to discuss this in the Meeting of this month (Early October). I wanted to join the meeting but unfortunately I did not receive the link. Ms Salam even asked me that day if I would be joining the meeting but I could not, as I didn't have the link. I texted this to Ms Salam but I think she could not see my text as she was attending the Meeting.

I still have the contacts of the speakers and if you want me to contact them further, please let me know. Or I can provide their contact to ATIA Management.

I would continue providing my services to ATIA wherever required.

Sincerely

Sandeep Kang
